THE MARKETS.

An Analysis of the Business of the Past Week.

A Big Slump in Wabash Saturday-Gossip About the Pacifics.

THE WEER'S BEVIEW.

Special Disputes.

New York, April 12.—The break in the market for breadstuffs last week has been attended with large losses and temperary distress to a large number of individuals, which also affected the stock market to a certain extent, up to last Thursday night had been feverish and unsettled, and there has been little disposition to buy or sell, either on the part of investors or speculators. The unsettled condition of the pool affairs has undoubtedly been the cause of this unwillness to operate in stocks.

It is generally believed that the eastern trunk line pool is so defective that some new method of business will necessarily be adopted, yet no definite action has yet been taken toward that end. As a coercive measure, apparently, the Pennsylvania company persists in keeping rates down to figures at which there is no profit in the business.

Notwithstanding all these appearances of trouble, stocks have been firmer than was expected, and it is believed by the leading lights in the market that the general situa-

The manipulation of Union Pacific strengthened the market to some extent early in the week, but it was soon checked by the un-settled condition of the Chicago markets, and subsequently by an attack on West Shore On Tuesday the market was generally strong, the principal feature being au advance in Western Union, Union Pacific, and the

and other speculative employments, toward invostments in railroad bonds. The western money markets have hard-ened a little during the past week. In New York the money market continues in ex-cessive supply, and rates remain unchanged. Call loans on stock collaterals 13 to 2 per cent. Sterling exchange remained unchanged during the week. Cotton speculation for future delivery was not so active as during the previous week. The market has been ir-regular, with wide fluctuations, but prices Feguint, with wide nuctifiations, but prices have generally advanced. Advices from Europe have been decidedly better, the movement of the crop has been quite small, and stocks have become much ireduced. Cotton on the spot has been more active for export with a fair demand for home consumption.

SATURDAY'S BUSINESS.

The market opened steady, but inactive. Later on it became weak, and continued so during the greater part of the day. The market was run down by the reports that Erie had cut coal rates; that the coal companies had decided to suspend coal production, and that the Wabash company had intended to market a new issue of bonds, which broke the latter stock from 14 to 10? for common, and from 23% to 20 for the preferred; \$75,297 shares of stock were sold last week, a decrease of 729,552 as compared with the sales of the previous week. The market closed dull and weak with a general decline.

The Wabash meeting adjourned until 3 p. m. Monday. The discussion to-day was

The Wabash meeting adjourned until 3 p. m. Monday. The discussion to-day was mainly upon pooling on a cash basis similar to the southwestern reads. This would add at least 15 per cent, to the net earnings of the Wabash read. On Monday the pool question regarding the pooling of St. Louis and stopping the competition now existing will come up, and the western officers of the road will be recent.

to the other's territory. Should no smicable settlement be arrived at and building follows, then both company's will commence building immediately. A year would clapse before any definite result would show. At present, pooling arrangements exist at all points where there is freight or passenger business. In the event of the Chicago, Burlington and Courtey company determines to count. Estate of Caroline A. Laddie; first and final account of administratrix filed and final nobusiness. In the event of the Chicago, Burlington and Quiney company determining to build into the Union Pacific territory, the lines of the tripartite agreement would build also, as they could got a 500 mile haul as compared with a much shorter distance of either of the other routes.

Judge Wallace, in the United States circuit rourt, has rendered a decision in a case against the Texas Pacific railroad. This company claimed that if its carnings were not sufficient to meet its obligations on land grant bonds holders of bonds had no redress, but payment of interest was postponed until the

payment of interest was postponed until the company made such earnings. Judge Wal-lace overruled the plea, and held that the bond was not an income bond, but one for absolute payment of money; and if the com-pany did not exercise its option to pay in scrip it was bound to pay interest in cash.

Minters to Richard W. Gant and Alexander
D. Gant; dated April 12

A Watter Girl's Grievance. A colored waiter girl, named Jennie Miner, was the complainant in a case brought by her. in the police court Saturday, against E. K. in the police court esturday, signing it. E. R., Hill, the proprietor of a dinning saloon, corner of Eleventh and G streets. She testified that she had a quarrel with the proprietor about the food he gave her, and he discharged and refused to pay her. She refused to go until she received the money due. She said he ascaulted her, and tore her dress in pieces. Mr. Hill denied the assault, and said that the girl attacked him and seized him by the throat. He was fined \$5.

Analysis by Dr. A. Voeleker, F. R. S., Consulting Chemist Royal Agricultural Society, England, shows only a trace of nitrates in Blackwell's Buil Durham Tobacco. The soil of the Golden Belt of North Carolinn, in which this tobacco is grown, don't supply nitrates to the leaf. That is the secret of its delictous midness. Nothing so pure and luxurious for smoking. Don't forget the brand. Nonegenuine without the trade-mark of the Buil. All dealers have it.

Is the season in which had or poisoned blood is most apt to show itself. Nature at this juncture needs something to assist in throwing off the impurities which have collected by the sluggish circulation of blood during the cold winter months, Swift's Specific is mature's great heiper, as it is a purely vegetable al-terative and tonic.

Rev. L. B. Paino, Macon, Ga., writes: "We have been using Swift's Sweddle at the Orchans' Home as a remedy for time! complaints, and as a general health toute, and have had remarkable results from the use on the children and cruisous of the institution. It is such an excellent finite, and because the blood so appetite the existent less little to discusse. It has cired some of our children of scrottle."

W. M. Glibert, drample: Albany, Ga., writes: "We are stilling large quantities of Swift's Specific for a spring alternative and accordance the life to make a preventive the life to make the second curve for make in. There are planty remarks the evidences of its alternative that second."
